QUOTE Q-001 | Issued 19 September 2026 | Valid to 19 October 2026

Kitchen tap replacement

Replace the dripping kitchen mixer tap with a new chrome single-lever model. Supply the tap and braided connectors, remove the old tap, fit the replacement, test hot and cold flow, check for leaks, and leave the work area tidy.

Included work	USD
Chrome single-lever mixer tap	60.00
Braided connectors and fittings	15.00
Removal, fitting, testing, and tidy-up	50.00
Original quote total (tax included)	**125.00**

Scope and exclusions

Cupboard repairs and isolation-valve replacement are excluded from this original quote. Any extra work is priced and approved separately before it starts.

Recorded approval

Example: Alex Morgan accepted this quote on 20 September 2026 at 10:45 am, London time. Note: "Please go ahead. The cupboard will be clear for Tuesday morning."

Payment arrangements

Payment is arranged directly with the handyman after the final leak check. The client portal records the agreement; it does not collect payment. A later approved valve replacement adds USD 25, bringing this sample job to USD 150.

Fictional demo. Not a real quote, contract, payment receipt, or warranty.
